EDUCATION

Class 12th

A.C. Institution

2021 - 2022

Percentage - 91.6%

Class 10th

A.C. Institution

2019 - 2020

Percentage - 83%

INTERNSHIPS

Web Developer

Omni Automation

02/2021 - 08/2021

Tasks/Achievements

- Code the ui and modify the backend and connect the ui with the backend.

Intern

Oye Busy

03/2022 - 08/2022

Tasks/Achievements

- Built the app frontend,
- Instigate the with the backend.

Intern

Upro Corporation

06/2022 - 08/2022

Tasks/Achievements

- Built several apps of flutter and android native.

Intern

Swarajya

09/2022 - Present

Tasks/Achievements

- Built app and the backend.

SKILLS

Node JS

React JS

Flutter

Rest API

Python

Java Script

Database

Open CV

Medapipe

HTML

CSS

Google ML kit

C++

Arduino

PROJECTS

WhatsApp Clone In React (10/2021 - 10/2021)

- Built a fully functional whatsapp clone in react js.

WhatsApp UI (11/2021 - 11/2021)

- I make a whatsapp UI clone using flutter.

Virtual Drawing tool using python (11/2021 - 11/2021)

- Virtual-Drawing-With-Fingers is a python base ML project,
- It detects your fingers positions and draws according to your finger's positions.

Relation Dating App (06/2022 - 08/2022)

- Build the complete app and the backend.

Virtual Finger Counter (11/2021 - 11/2021)

- Virtual finger counter is a python base ML project,
- It use mediapipe library to detect hands and show the number of fingers and name as well.

ML - Based Workout App (12/2021 - 11/2021)

- Built an android workout app which detects a user's workout by using the camera,
- Check if the user doing the workout correctly or not.

Sunflower Solar System (10/2018 - 10/2018)

- This is a sun-tracking solar panel which tracks the sun to cover most of the sun rays from the sun and generate more electricity.
- I won first prize in my district for the project.

CERTIFICATES

Website Hacking / Penetration Testing & Bug Bounty Hunting

Link: <https://www.udemy.com/certificate/UC-8f63b807-5769-4c15-ad1a-409513e27d4d/>

Learn Ethical Hacking From Scratch

Link: <https://www.udemy.com/certificate/UC-351209a1-2366-472c-8350-26928ab35c7b/>

ECOURSES

Learn Ethical Hacking from Scratch Udemy

03/2020 - 04/2020

Achievements/Tasks

- Hack & secure both WiFi & wired networks,
- Various Type Of vulnerabilities,
- Deferent Type Of Web Attacks,
- Various Types of attacks and vulnerabilities,
- How to secure a network for the bad guys.

Network Hacking Udemy

04/2020 - 05/2020

Achievements/Tasks

- How network works
- Learn about network protocols,
- Advanced network hacking,
- How to secure a network from outsiders.

Website Hacking / Penetration Testing & Bug Bounty Hunting Udemy

04/2022 - 06/2022

Achievements/Tasks

- How Website work,
- Website Protocols,
- Various Type Of Web Vulnerabilities,
- Deferent Type Of Web Attacks,
- How find bug on websites.

Python & Ethical Hacking fom Scratch You Tube

12/2020 - 01/2021

Achievements/Tasks

- How to make hacking tools using python,
- How to automate work using python.

Flutter You Tube

01/2021 - 05/2021

Achievements/Tasks

- Dart language,
- Futter frame work,
- Rest Api.

React JS You Tube

Achievements/Tasks

- Java Script
- React JS
- Tailwind CSS
- HTML

CERTIFICATES

Network Hacking Continued - Intermediate to Advanced
